

South East Network

Promoting and sharing good practice in children and young people's participation.

If you work with or for children and young people and are based in or work across the South East Region, then join a support network designed for YOU!

Participation Works has a brand new Network for the South East. You will receive e- bulletins about training opportunities, other participation related info and the chance to network with others in similar roles in your region and more!

We particularly want members from the voluntary sector

“A great chance to understand the needs of the region and make contacts that lead to projects happening which wouldn't otherwise have taken place.”

“An improved awareness of opportunities elsewhere in the region has meant I have been able to offer more to the young people I work with.”
